2 OCTOBER 2026

A LIVE LOOK AT AI IN THE CLASSROOM

AIPASSPORT.EKAAKSHAREducation.COM

WE STARTED WITH THIS.

A REAL TEACHER'S LESSON PLAN

WEEKLY LESSON PLAN				Class & Section: VI- E.T.S
Subject: English		Objective	Methodology/Instructional Strategy	
Date/Day	Chapter Title Unit Name			
8th April- 25th April	Honey Suckle Book - Ch(1) "Who did Patrick's Homework?"	To comprehend the detailed information related to the given chapter.	Commencing the chapter with basic questions related to their views and discussions related to the chapter (Student centric Discussion)	
	Sub- Topic		Expressive reading techniques like raising the volume, changing tone, stretching it to make the students understand the impact of each line	
	Story with Glossary	Encouraging the students to express the ideas of the passage orally and in writing	Constructivist Learning Approach Focus was to construct the story bit by bit and allow their students to build their own representation and their own versions of the story	
	Working with the Text			
	Speaking Drill			
	Opening Question	Enabling them to understand the diff b/w hard work and smart work.		
	• Do you like doing home-work?			
	• Who helps you with your home-work?	Giving them the autonomy		

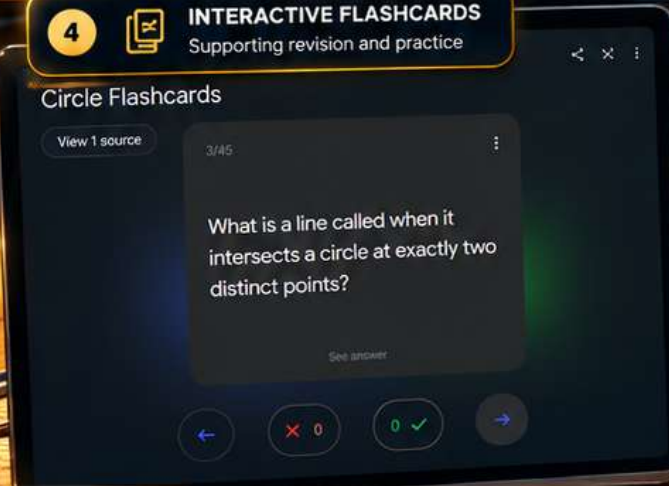

ONE CHAPTER. MULTIPLE WAYS TO LEARN.

Chapter 2: Nelson Mandela: Long Walk to Freedom

Class X | English | First Flight

Teacher Reference Material

Page 10:
Quick Reference &
Next Steps

1. At-a-Glance: Key Takeaways

- A powerful real-life story to understand freedom, equality and human dignity.
- Use discussion, evidence and multiple perspectives to build deeper understanding.
- Focus on what the text means and why it matters today.
- Assess understanding through participation, evidence and application.
- Create a respectful, inclusive classroom space where every voice matters.

2. Complete Teacher Checklist

- Completed all 4 periods as per plan
- Covered key themes and vocabulary
- Students participated in discussions
- Evidence-based responses observed
- Role-play / interview activity completed
- Writing task assigned and assessed
- Provided support to struggling learners
- Challenged advanced learners
- Used real-life application tasks
- Collected exit tickets / reflections
- Reviewed assessment rubrics
- Noted individual student progress
- Identified next steps for reinforcement

3. Assessment Summary

- Diagnostic**
 - Word association (Hero / Freedom)
 - Initial class and prior knowledge
- Formative**
 - Observation during activities
 - Vocabulary use
 - Group discussion and evidence hunt
 - Exit tickets
- Summative**
 - 100-120 word writing task
 - Role-play / interview performance
 - Evidence-based interpretation
 - Real-life application

4. Differentiation Strategies

- | Support | Expected | Extension |
|--|--|--|
| <ul style="list-style-type: none"> Simplified text sections Vocabulary bank Sentence starters Pair discussion Graphic organisers Teacher-guided evidence | <ul style="list-style-type: none"> Independent reading Group participation Evidence-based answers Meaningful questions Structured writing | <ul style="list-style-type: none"> Alternative interpretations Comparative analysis Contemporary connections Editorial or persuasive writing Independent research |

5. Common Misconceptions & How to Respond

- | Misconception | Teacher Response |
|---|--|
| Freedom means doing whatever I want. | Can your freedom remove someone else's freedom? Give an example. |
| There is only one correct interpretation. | Can another interpretation be supported by the text? What evidence might someone else use? |
| Evidence means copying a sentence. | What does that sentence actually prove? Explain in your own words. |
| A long answer is always better. | Is every sentence helping you answer the question? Focus on clarity, evidence and explanation. |

6. Teacher Prompt Bank

- | Situation | Prompt | Purpose |
|--------------------|---|----------------------------|
| To deepen thinking | "What makes you think that?" | Encourages evidence |
| To extend an idea | "Can anyone add another perspective?" | Builds multiple viewpoints |
| To challenge | "Could someone interpret this differently?" | Develops critical thinking |
| To connect | "How does this relate to our lives today?" | Supports application |
| To clarify | "Do you mean that...?" | Improves understanding |

7. Next Steps

- Review student work and identify students who need additional support.
- Revisit challenging vocabulary or ideas in the next lesson, if required.
- Provide feedback on writing tasks using the assessment rubric.
- Plan extension activities for interested students (e.g., editorial, research).
- Use key insights from this unit to connect with the next chapter or theme (e.g., human rights, justice, or leadership).

Remember

- Celebrate all perspectives.
- Encourage curiosity.
- Focus on progress, not perfection.
- Use the text as a springboard for bigger conversations.
- Help students see how literature can inspire action in the real world.

8. Teacher Reflection

- What worked well in this unit?
- What did students find most engaging?
- Which activities led to the deepest thinking?
- What would I do differently next time?
- How did students' ideas about freedom change?
- What evidence shows their learning?
- How can I carry forward these strategies to other chapters?

"It always seems impossible until it is done."

— Nelson Mandela

10

Chapter 2: Nelson Mandela: Long Walk to Freedom

Class X | English | First Flight

Teacher Reference Material

Page 1:
Chapter Context &
Teaching Toolkit

1. About the Chapter

Nelson Mandela: Long Walk to Freedom is an autobiographical account of Mandela's journey — from his early years in South Africa to his long struggle against apartheid, his years in prison, and his vision of a free and equal society.

Through his experiences, Mandela shows that freedom is not just about personal liberty, but also about human dignity, equality and justice for all.

3. Learning Journey

2. Key Themes and Ideas

- | | | |
|---|---|---|
| Freedom and equality
What does real freedom mean? | Oppression and resistance
How does injustice affect people? | Courage and sacrifice
What makes resistance meaningful? |
| Human dignity
Why does every individual matter? | Personal vs. collective freedom
Is freedom only for myself or for others too? | Lessons for today's world
How can we apply Mandela's ideas now? |

4. What the Teacher Should Prioritise

- | | |
|---|--|
| Reading & Comprehension <ul style="list-style-type: none"> Comprehend explicit information Identify significant details Interpret implicit meanings Support responses with textual reference | Move beyond "what happened" to "what does it mean?" |
| Speaking & Listening <ul style="list-style-type: none"> Express an interpretation Ask meaningful questions Listen to another perspective Build on others' ideas | Create a respectful classroom space where every voice matters. |
| Critical Thinking <ul style="list-style-type: none"> Distinguish opinion from evidence Consider alternative interpretations Connect ideas with real-life situations Justify rather than simply state an answer | Encourage curiosity, evidence and multiple perspectives. |

5. Teacher Preparation Checklist

- First Flight textbook ready
- Relevant text sections identified
- Annotatable copies / extracts prepared
- Smartboard / projector ready
- Vocabulary list prepared
- Highlighters and sticky notes available
- Group role cards prepared
- Exit slips ready
- Optional: Mandela's inauguration speech (audio/video)
- Printouts or digital access for viewing

6. Resources / TLM

- First Flight textbook
- Annotatable text / photocopied extracts
- Smartboard / projector
- Highlighters and sticky notes
- Student notebooks
- Discussion cards
- Exit slips
- Optional documentary clip
- Optional audio recording of Mandela's inauguration speech

7. Teacher Role

- | MODEL | FACILITATE | QUESTION | ASSESS |
|--|--|-----------------------------------|--|
| Demonstrate reading, questioning and evidence use. | Allow students to construct and discuss meaning. | Use prompts that deepen thinking. | Listen for evidence of learning and respond accordingly. |

8. 21st Century Skills

- | | | | |
|-------------------|---------------|---------------|------------|
| Critical Thinking | Communication | Collaboration | Reflection |
|-------------------|---------------|---------------|------------|

WHAT IF A MATHS CHAPTER BECAME A STORYBOOK?

WE TOOK A CLASS X MATHEMATICS CHAPTER
CIRCLES

AND USED GEMINI TO CREATE AN ILLUSTRATED
STORYBOOK IN **HINDI + ENGLISH**.

CREATED WITH
GEMINI STORYBOOK

- ✓ Concepts as a Story
- ✓ Visual Explanations
- ✓ Real-life Examples
- ✓ Bilingual (English + Hindi)
- ✓ Student-friendly Language

The Mysterious Circle

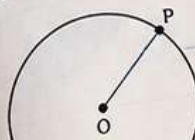

A Journey into Geometry

Class 10 Mathematics | Chapter: Circles

Join Ayaan and Meera
as they uncover the secrets of circles
in their town, through real-life examples,
puzzles and everyday discoveries.

1. What is a Circle?

A circle is the set of all points in a plane
that are at a fixed distance from a fixed point.

OP = radius

Center (O)

The fixed point
from which all points
on the circle are
equidistant.

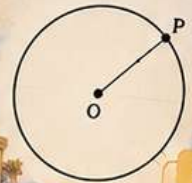

Radius (r)

The fixed distance
from the center to
any point on the circle.

All points on the circle
are at the same distance
from the center.
This distance is called
the radius.

1. वृत्त क्या है?

वृत्त उस समतल में स्थित उन सभी बिंदुओं का
समूह है, जो एक निश्चित बिंदु से समान दूरी पर
होते हैं।

केंद्र (O)

वह निश्चित बिंदु
जिससे वृत्त के सभी
बिंदु समान दूरी पर
होते हैं।

त्रिज्या (r)

केंद्र से वृत्त पर
किसी भी बिंदु तक
की निश्चित दूरी।

वृत्त पर स्थित सभी बिंदु
केंद्र से समान दूरी पर होते हैं।
इस दूरी को त्रिज्या कहते हैं।

02 | THE REAL CHALLENGES

My biggest challenge with AI as a teacher is _____.

Ai ko samjhana

Lack of technical knowledge

Making it useful to me and useful to students. Not just homework solver.

Need more information about AI

Understand the AI

Not being tech savvy

Understanding AI and making the best use of it

Utilising it fully and properly...

Making sure I use AI to help students learn better without making them completely dependent on it.

03 | FIRST IMPRESSIONS

When you hear "AI in Education", what is the FIRST word that comes to your mind?

is it really needed
human intelligence
robot technology
smart learning
interesting
artificial intelligence
demand of future
making class more interes
transformation
reduced load
creativity learning
fapp comfort
extension of brain
tool
use of technology
automate
smart work with less time

04 | PUTTING AI TO WORK

Imagine you have an AI assistant sitting beside you tomorrow. What is the FIRST thing you would ask it to do?

Check my tests

I would ask it to help me plan and personalize lessons for my students—including activities, examples, and assessments based on their learning levels.

Do my job

Arrange the todo list

Teach me what I don't know?

Prepare question paper

Refine the tasks

Make my syllabus interesting for kids

Exploring the AI technology

Guide me to do my task better for scholars

Help me plan engaging lessons and explain difficult concepts to my students in a simple way.

Help in every problem

To help me regarding Ai

EDUCATORS SPEAK. REAL FEEDBACK. REAL IMPACT.

HERE'S WHAT PARTICIPANTS SHARED AFTER

PRACTICAL LEARNING

Learned new AI tools
for real classroom use

READY-TO-USE RESOURCES

Interest in lesson plans,
stories and worksheets

STRONG INTEREST IN NEXT STEPS

Many keen to join the
AI for Educators Series

HIGHLY RATED SESSION

Average rating of
9.4 out of 10

AI PASSPORT™

BY EKAASHAR EDUCATION

THE BIGGER PICTURE

AI DOESN'T REPLACE THE TEACHER. IT EXPANDS WHAT THE TEACHER CAN DO.

From being a knowledge giver to becoming a **learning facilitator**.

THEN

Knowledge Giver

- Explains concepts
- Shares information
- Uses textbooks
- Teaches to the syllabus

NOW

Learning Facilitator

- Designs richer learning experiences
- Uses AI to bring concepts to life
- Encourages exploration and curiosity
- Focuses on skills, thinking and real-world learning

SAME TEACHERS. BRIGHTER POSSIBILITIES.
